

# SMARTHUBS PROJECT INFORMATION

(please save a local copy to your machine to edit)

---

## Step 1

Company name:

Company address:

Contact name:

Contact email address:

Contact telephone number:

What is your current import capacity in KVA?

Do you have any renewable energy sources on your site currently?

Do you have any current issues with peak or import connection caps on your site?

Do you have any expansion plans which are likely to affect your energy usage?

## Step 2

Please request your half hourly (HH) electricity data from your energy supplier. You will need to email the HH data (excel or .csv file) with this form to [nigel.dent@c-e-int.com](mailto:nigel.dent@c-e-int.com)

Provide all MPAN's (Meter Point Administration Numbers) for your site in question, available on your energy bill

## Step 3

Email this form and your HH data to [nigel.dent@c-e-int.com](mailto:nigel.dent@c-e-int.com)
